Cruise Trip Bratislava ↔ Devín

The most popular cruise to the ruins of the **Devín Castle**, and to the confluence of the Danube and the Moravia rivers.

The Devín Castle, known since the 9th century, is now considered Slovak cultural monument and symbol of glorious Slavic history. The castle looms on a cliff above the Danube and the Moravia rivers, in the altitude of 212 meters. During the historical period of Great Moravia the castle has been used as a frontier fortress. In 1809 it was blown by the armies of Napoleon. At the present, outside and inside of the castle there are archaeological exhibitions visited every year by countless number of tourists from all around the world.
